

Congratulations on your new puppy, and thank you for contacting Trainers Academy, LLC! Here are the details about our Puppy Class.

In order to begin class, puppies are required to have a minimum of 2 of their distemper series of vaccines, the Bordetella vaccine, and a fecal check that is current within the past 90 days.

Our puppy class focuses on socialization exercises that will help your puppy grow into a confident and well-behaved dog. We will have behavioral discussions (including house training and mouthing/chewing to name a few!) and will also help you begin laying the foundation for future training.

The first months of a pup's life are the most important, particularly in the development of social bonds. Much of what is learned about the environment during this period is lasting, and provides the foundation for many adult behavior patterns - and problems - so it's best to start early!

The class will meet for 90 minutes, once a week, for six weeks. The fee for the class is **\$289**, which includes a complimentary day of day care for your pup. Click [Puppy](#) to read more about the class; and [Here](#) to view the schedule of upcoming classes.

We invite you to stop by and observe a 90 minute session of our pup class! In fact, we suggest that you take the time to observe *any* program/s that you're considering, before you make your final decision. With so many choices, you owe it to your new family member **and** your pocket book to be sure that you're making the best choice, so please call us at 248-588-3222 and we'll let you know available dates and times.

Feel free to read more about our [DayCare program](#) and to also visit our Puppy Tips page; [Puppy Issues & Housetraining \(for older dogs too!\)](#) for help with the most common puppyhood challenges.
